

FEATURES

- Low protrusion of 6.3mm above ground level
- · Modulized electrical driver and LED assembly for simplicity of maintenance
- Efficient and stable optical output, suitable for operation with 6.6A and 2.2A CCRs
- Unique optical design, ensuring luminous efficacy and color consistency
- Strict thermal management solution increasing life expectancy
- Highly conductive aluminium mechanical components with special treatment, suitable for various weather conditions
- · Built-in surge protection
- · Optional Fail Open System
